ABOUT MERINO GROUP

Since its inception in 1965, the Merino Group is a leading player in all its verticals. From the debut of its first product Plywood, in 1974 to launching high-pressure decorative laminates in 1981, Merino Group now has a global market presence in over 6 continents with an annual turnover of 215 million USD in FY 2018 – 19. The Group has diverse business interests that expand into Interior Architectural Products, Information Technology and Food & Agro Technology. With over 4000 employees, 5 production units and a significant surge in its revenue, the group continues to grow in a rapidly changing and ever-evolving market. With multiple surface solutions having endless design possibilities, Merino ensures a consistent range of superior quality products. With innovation at its core, the Merino Group commits to the highest manufacturing standards with a strong customer support.

OUR CORPORATE PHILOSOPHY

Our business is built on the steady pillars of a globally relevant mission, a far-reaching vision & a strong 3-pronged motto.

Vision: Global competence & global competitiveness in every line of business by synergizing western work culture & Indian ethos.

Mission: Universal weal through trade & industry

Motto: Economy • Excellence • Ethics

Excellence in Economy is: • Economic, when founded on Work Ethics
• Sustainable, when nourished by moral ethics.

Inspiration: "Arise, awake and stop not till the goal is reached" – Swami Vivekananda.

CSR INITIATIVES

Merino Group believes that Corporate Social Responsibility is a mindset that instils socially responsible thinking coupled with formulating a strategy to use our skills and resources thereby creating a positive change in the livelihood of the underprivileged sections society. We, at Merino Group, have a committed CSR policy conceived around HealthCare, Children Development, Environmental conservation & Women Empowerment.

Our primary day school named Swami Vivekananda Arunoday Vidyalaya supports education and nutrition for underprivileged students. We have conducted 'mid-day meal' programs in schools, published books for students' welfare about Indian values. Merino's women empowerment initiative "Learn to Earn" is focused on uplifting the lives of women through its innovative skill training, which enables many to avail work opportunities, helping them elevate their living standard & become independent. Our Healthcare & Holistic Living Programs are aimed at improving the health of the people by offering free medical treatments and medicines for Tuberculosis patients, also to encourage healthy and holistic living, we promote knowledge of Yoga-Aasans and Ayurveda techniques.

ENVIRONMENT SUSTAINABILITY

Merino Group with its focus on building a Healthy environment has taken various initiative to conserve natural resources. We actively work towards reducing pressure on natural resources by adopting an effective pro-environment stance alongside adhering to eco-conservationist standards. We incorporate sustainability at various levels including, manufacturing, product design, service and, community support. Waste management and energy conservation is an active part of our process. We try and minimize waste through an Environment Management Programme. The waste from the Potato Processing Plant is used to generate vermi-compost. The boiler ash is used to make bricks. Our Green initiative is taken forward via steps such as development of Green belts, planting saplings, use of organic fuel, eco-friendly turbines for power generation etc. The group has increased the installation and usage of alternative source of energy; mainly biomass biogas & solar by implementing installations of various solar systems to power the group's growing power requirement and reducing the ecological footprints through carbon reduction.

CERTIFICATIONS & ACCREDITATION

At Merino, we are passionate about quality and innovation. Merino adheres to high safety standards & environmentally sustainable practices and promotes ease-of-application, short installation period and easy product maintenance. Merino has integrated operational process through ERP, ensuring transparency and on-time information to customers and service providers. Our Research and Development is dedicated to innovation in product design and technology. Our consistent range of superior quality products is an industry hallmark and we are certified by various globally recognized authorities.

EVOLUTION OF MERINO GROUP

1974

Merino Group launched its first product plywood.

1978

First manufacturing unit setup at Hapur.

1994

Recognised as highest exporter of laminates.

1995

Manufacturing unit in Rohad, Haryana.

1998

Launched Post Forming laminates - Merino Flex.

2003

Established Low Pressure Laminate unit.

2004

Launched Restroom Cubicles.

2005

Launched Vegit, ready to cook snack mixes.

2006

Manufacturing unit in Hosur, Tamil Nadu.

2007

Launched Merino Services Ltd, its IT firm.

2009

Launched Hanex Solid Surfaces.

2010

Introduced MR+ Tuff Gloss Laminates.

2014

Launched internal + external wall claddings: Merino Shaurya & Merino Armour.

2015

Introduced Stoven, stone veneers.

2016

Launched Gloss Meister High Gloss PU + Acrylic panels.

2017

Unit setup in Dahej, Gujarat & Introduced Fingaurd, Anti-Finger Print laminates, Harmony; range of co-ordinated surfaces.

2018

Launched Imagino, digitally customised laminates.

2019

Launched: Impreza - Colour Core Compact Infusio Laminate

MERINO PERFORMANCE LAMINATES

High performance laminates have unique features and great aesthetic appeal. These unique laminates also offers additional benefits which enhances performance in spaces.

ANTI BACTERIAL (AB+)

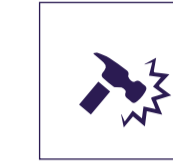

Anti-bacterial laminates are designed to adorn surfaces that require supreme hygiene and performance. Usage of special additives inhibits growth and spread of bacteria by 99.99% within 24 hours. The surface not only fights against microbes but is also homogenous and non-porous, making it exceptional in performance and in hygiene.

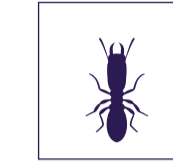

ANTI - BACTERIAL

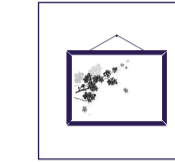

SCRATCH RESISTANT

IMPACT RESISTANT

TERMITE RESISTANT

HIGHLY DECORATIVE

FIRE RETARDANT (FR+)

Fire Retardant (FR+) is a special type of laminate which is halogen free in the category of fire-resistant laminates.

As per ASTM and NFPA standards, its performance belongs to Class 1 grade, making it an eminent laminate resistant to fire. With suitable substrates and adhesives, FR+ can help prevent casualties and damage caused due to fire hazard.

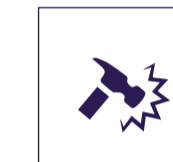

LOW SPREAD OF FLAME

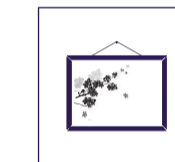

HALOGEN FREE (Non - Toxic)

SELF-EXTINGUISHABLE

IMPACT RESISTANT

HIGHLY DECORATIVE

CHEMICAL RESISTANT (CHEM+)

Chem+ is a specially manufactured laminate which is treated with Electron Beam to withstand harsh chemicals like acids, alkalis and reagents. The superior resistance to chemicals makes it durable and suitable to be used in disposable areas in laboratories. Its outstanding quality and appearance give you the freedom to furnish these areas creatively.

HIGHLY CHEMICAL RESISTANT

HIGH STAIN RESISTANT

HIGHLY DURABLE

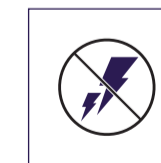

SCRATCH RESISTANT

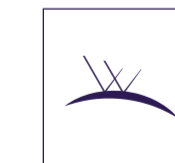

ELECTROSTATIC DISSIPATIVE (ESD)+

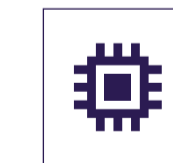

ESD+ range of laminates has been developed with a purpose to repel dust particles. Its top layer has antistatic properties incredibly higher than products available in the market till now. The special conductive layer guarantees safe discharge of static when used with appropriate earthing. This helps to reduce damage to delicate internal circuits that decreases productivity of electrical equipment by 30%.

ELECTROSTATIC DISSIPATIVE

DUST REPELLENT

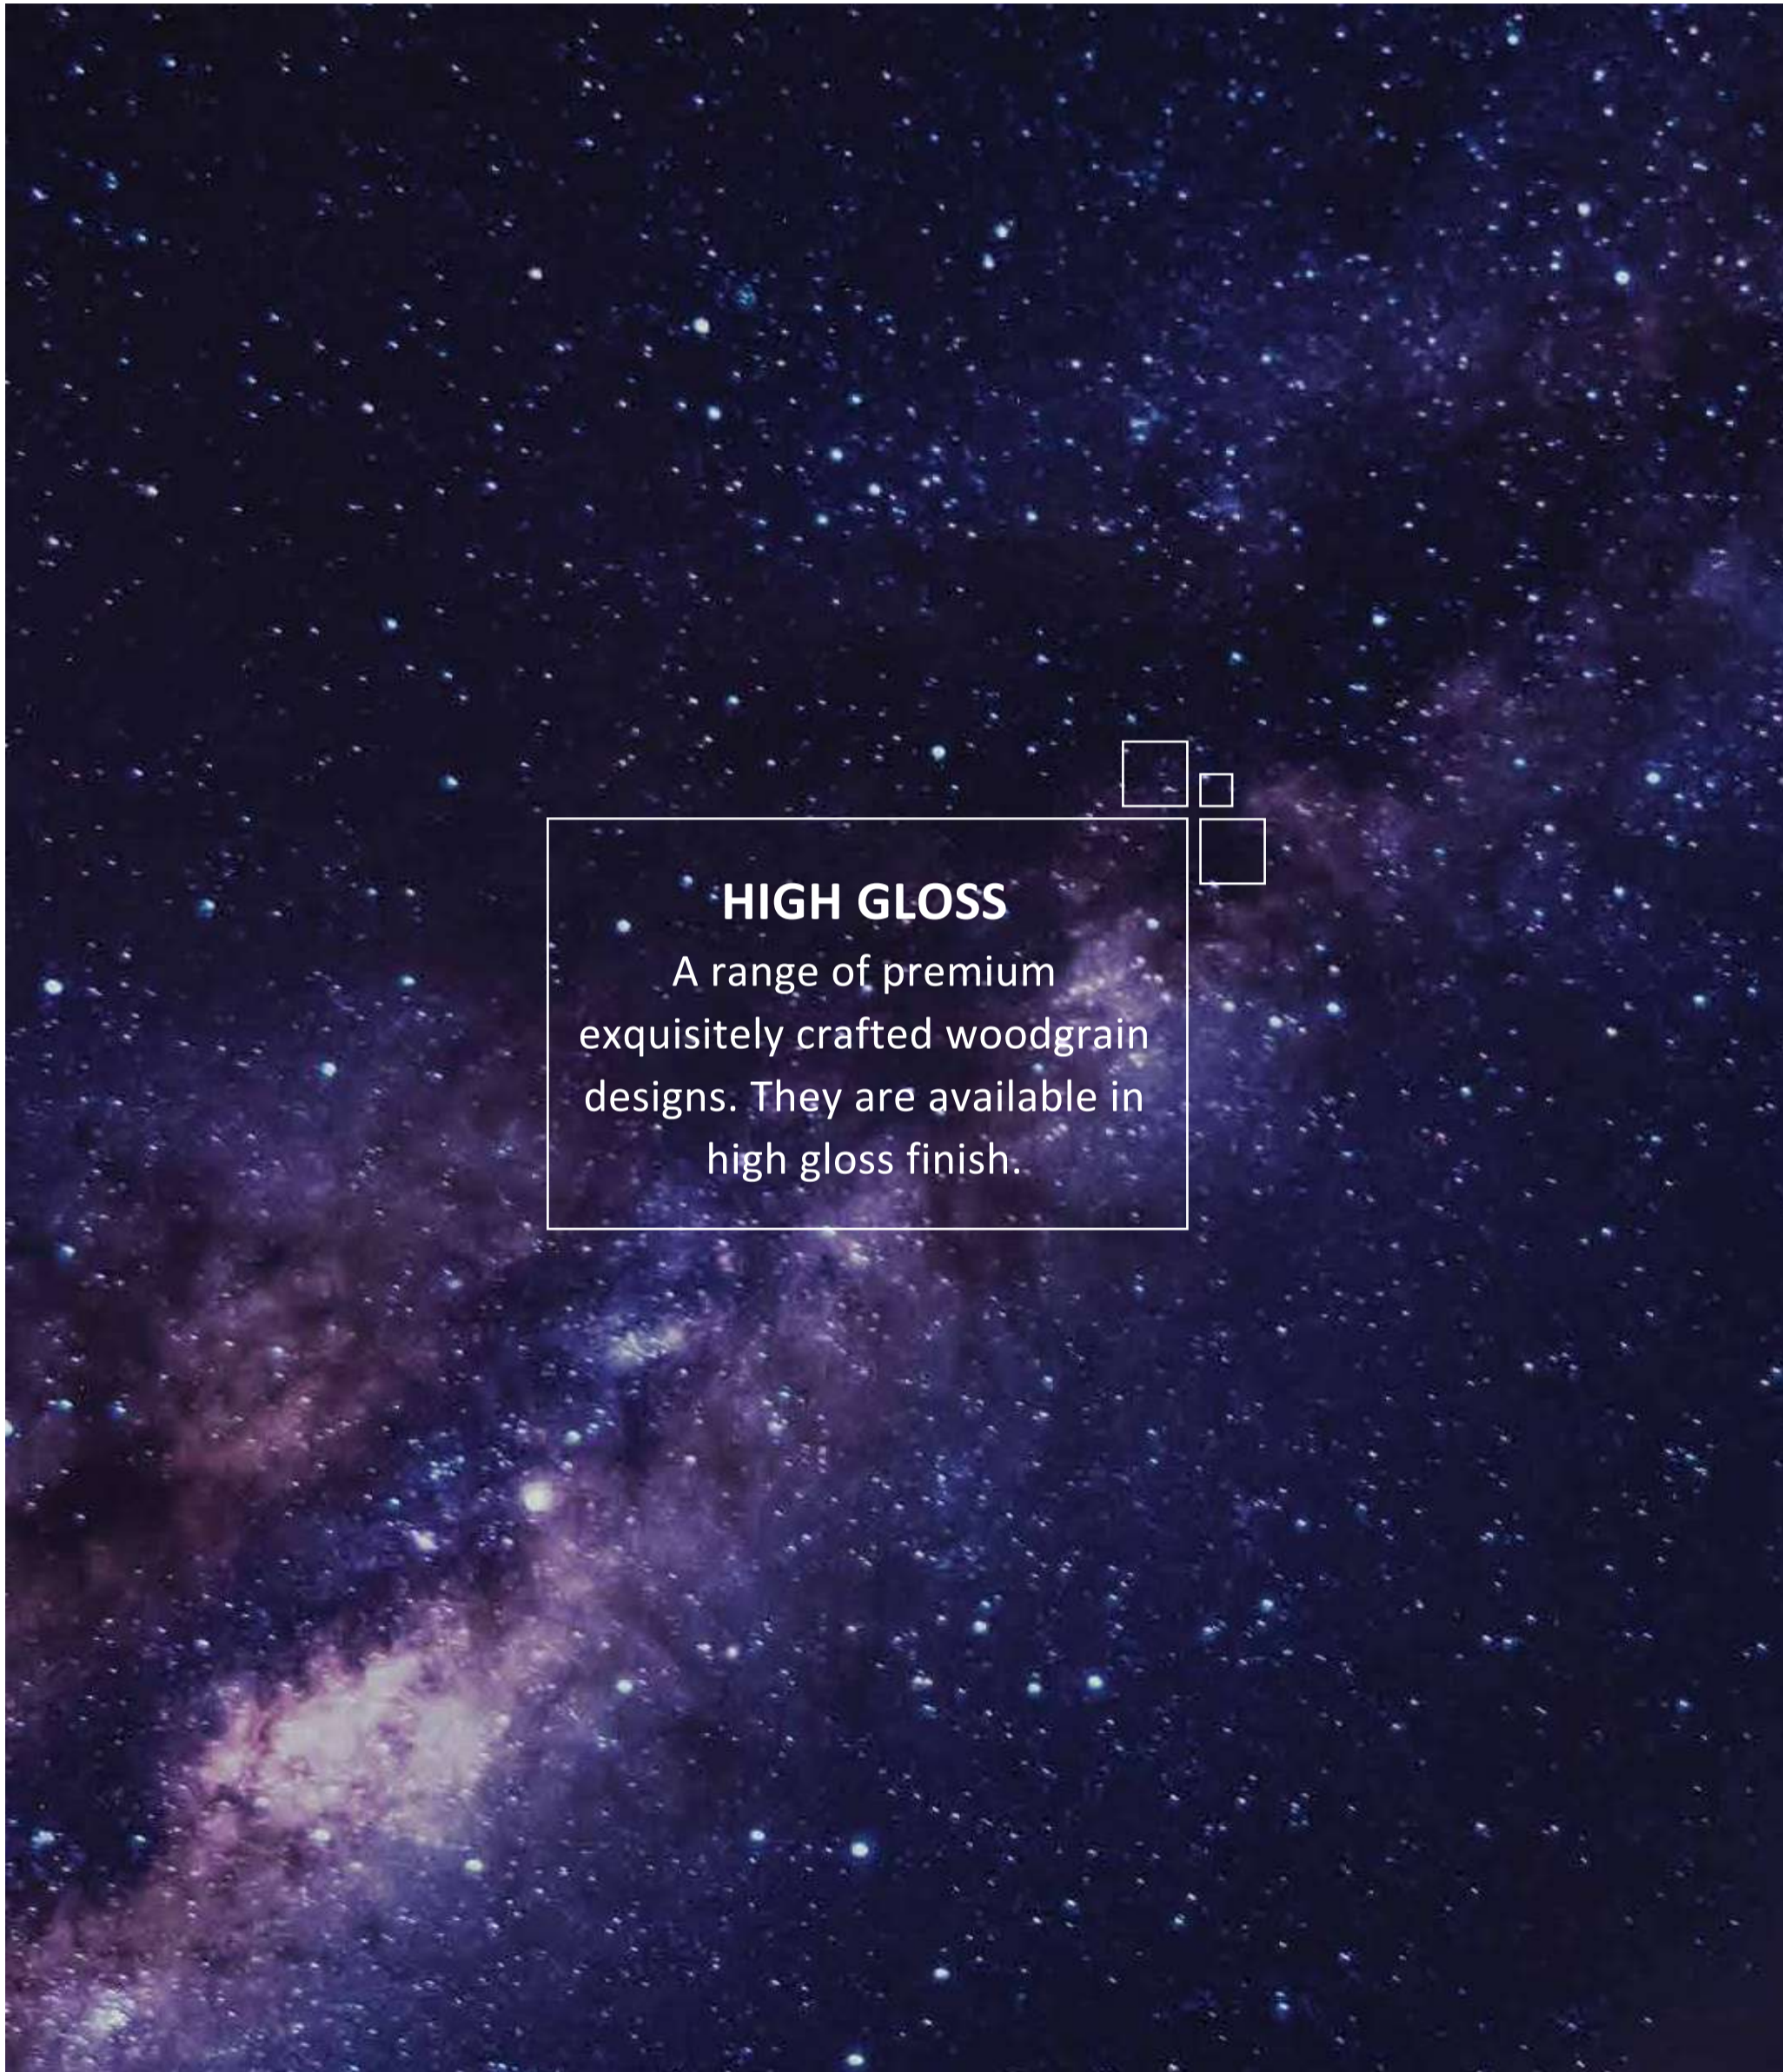

REDUCED DAMAGE TO INTERNAL CIRCUITS

Woodgrains

Inspired by the
GIANT REDWOOD FOREST, CALIFORNIA

The woodgrains range is an ode to one of the greatest forests of the World – Giant Redwood Forest in California. The iconic forest has served as a muse to the woodgrain designs that are featured in the range. The designs bear striking resemblance to naturally occurring classic species such as oak, maple, elm and cherry to more exotics like bamboo, teak and zebrawood.

HIGH GLOSS
 A range of premium
 exquisitely crafted woodgrain
 designs. They are available in

FINISHES

Merino offers a wide range of Mesmerizing surface finishes, inspired from various elements of nature be it satin touch of suede to rugged tactile feel like cement, creating extra ordinary spaces. These fascinating textures & finishes are classics for timeless design from minimalist to bold expressions.

BARK (BK)

Bark finish is inspired by outermost layers of stems and roots of woody plants.

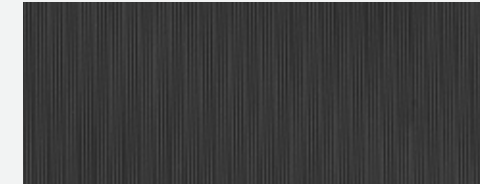

CEMENT (CMT)

Rustic-effect inspired by concrete walls.

CHIMERA (CMR)

The impression created by the Chimera fire.

MICROLINE (ML)

Fine lines that feature very little gaps.

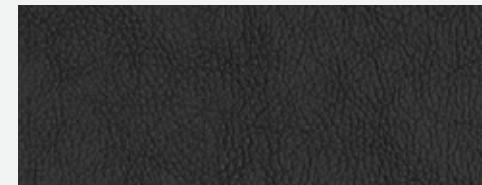

MATT (MT)

Non-reflective surface for an opaque look.

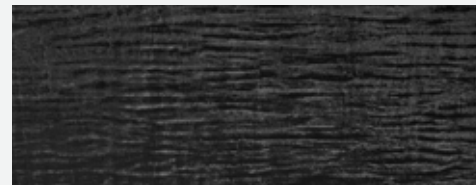

MONTE (MNT)

Replicates the rich colours and patterns characteristic of the walnut tree.

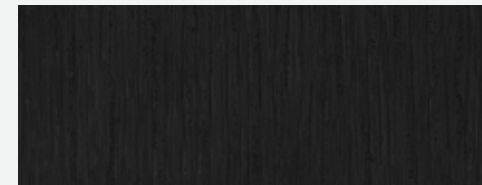

CLASSIC LEATHER (CLR)

Elegant finish that resembles the texture of man-made leather.

CROSSFIRE (CFR)

Artistic representation of gunfire from two or more directions.

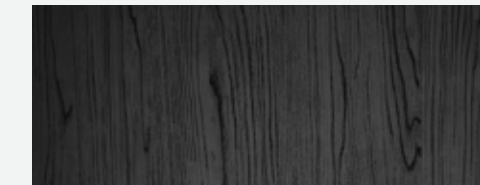

DRIZZLE (DZL)

Progressive dash-like structure to imitate the effect of raindrops on a window.

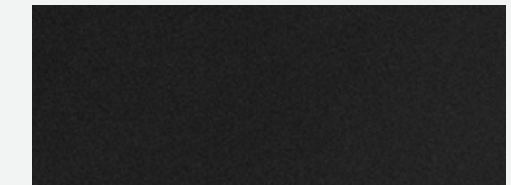

OPAL (OPL)

Borrows inspiration from the unique finish of melted glass.

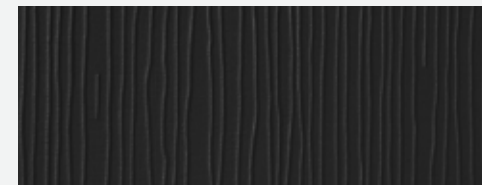

PARISH (PRH)

Comprises of asymmetrical waves to give the impression of rustic wood.

SANDSTONE (SV)

Linear representation of ripples created in water.

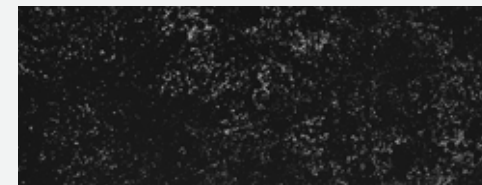

FABRIC (FB)

Comprises of ripples that imitate the soft movement of fabric.

FLICKER (FK)

Horizontal ripples to emulate the effect of light flickering.

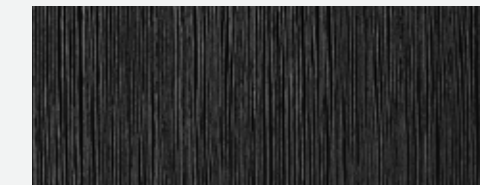

GALACTIC (GLT)

Hints of gloss juxtaposed with a super matte finish.

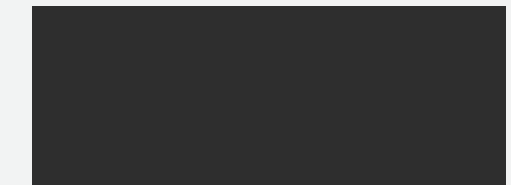

SAWCUT (SCT)

Duplicates the impression of a wood-bark cut by a saw.

STREAK (STK)

A linear finish that reproduces the formation of straight wood.

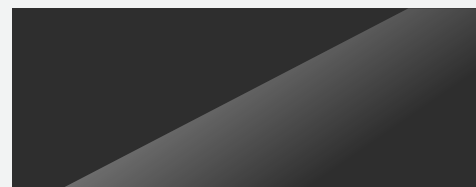

SUEDE (SF)

Matte texture with a soft-touch similar to the suede fabric.

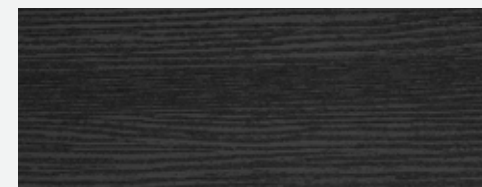

GRAINS (GRN)

Features micro-dots to reproduce the texture of grains.

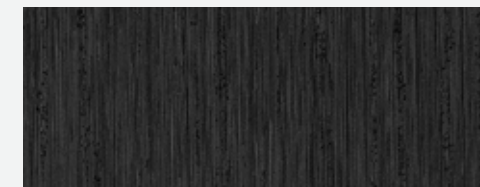

HI GLOSS (HGL)

Highly reflective surface that gives a shiny look.

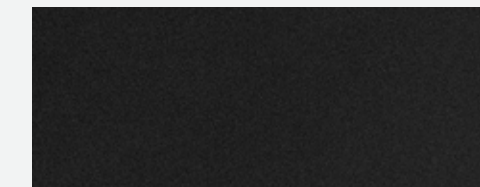

HORIZON (HRZ)

Horizontal strokes of wood grain.

VALLEY (VLY)

Wooden finish that features full-crowns of wood.

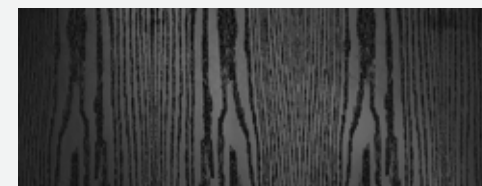

VENEER (VNR)

Replicates the natural finish of wood grain.

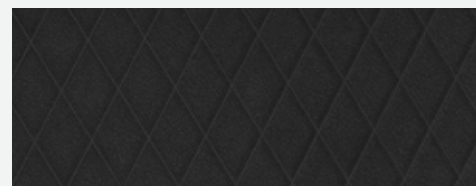

VENZA (VNZ)

Natural finish that comprises of half-crowned patterns of wood.

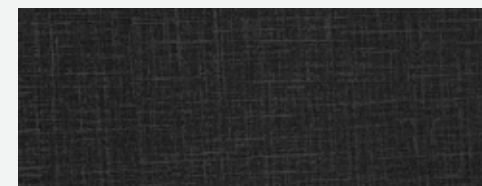

IMPRESSION (IMP)

Authentic impressions of the bark of a tree.

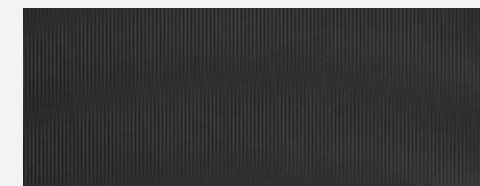

JEWEL (JW)

Jewel is inspired from typically a single crystal structure cut into shape with flat facets.

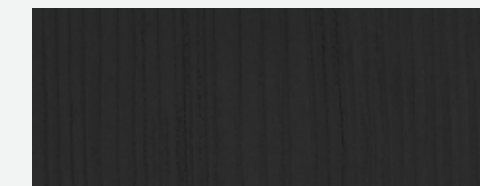

LINEN (LNN)

Soft-smooth movements to mimic the movement of linen.

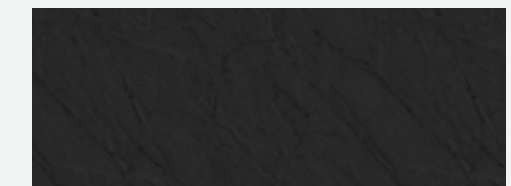

VERTILINE (VL)

A multitude of fine vertical lines.

WAVE (WV)

Free-flowing patterns to resemble the movement of waves.

WHITNEY (WTN)

Strokes that replicate the effect of a paint brush.

SPECIFICATIONS

Merino High Pressure Decorative Laminates comprises of layers of specially selected paper, impregnated with melamine and phenolic resins pressed and hardened under heat and pressure. The process ensures strong bonding, resistance to boiling water and chemicals, and increases dimensional stability. Surface protection through special treatment renders all Merino Laminates scratch resistant. It is suitable for a wide range of applications such as wall linings, column claddings, doors, shelves, table-tops, work-tops, counters, vanity units, cubicles, lift linings, store fittings, displays, check out desks etc.

CARE TO MAINTAIN YOUR LAMINATES

CARE AND MAINTENANCE

Storage & Carrying: Store the sheets horizontally with their face turned down. Place a thick hard board on top of the laminates to protect them from any kind of damage. Stock the laminates in such a way that older sheets will be used first. Store the laminates in a dry place to protect them from moisture. They should also be stored in such a way that they don't come in contact with the floor or walls.

Always carry the sheets vertically. Don't slide the sheets, lift them while moving them from one place to another. Ideally 2 people should carry one sheet to avoid carelessness that can damage the surface.

Stains: The laminates are resistant to stains belonging to Group 1 and 2. Stains of Group 3 and 4 should not be spilled on the surface. In case of spillage, the stains should be immediately wiped off.

Abrasives: Abrasive pads, scouring powders or cleansers can permanently damage the laminates making them more susceptible to staining.

Harsh chemicals: Harsh chemicals such as oven cleaners, toilet cleaners, or drain cleaners will etch and discolour the decorative surface. The laminates are not designed to resist continual contact with these chemicals. If any of these products spill over the surface remove immediately, rinse thoroughly, and wipe dry.

Hot Objects: Even though the laminates have high heat resistance, exposure to temperatures greater than 135°C is not recommended. Do not place hot frying pans or dishes directly from the oven or cooktop on the laminate surface. As a precaution, use a trivet or insulated pad to protect the surface from heat generating appliances such as pressing irons, toasters, curling irons and electric cookers. Prolonged exposure to temperatures above 65°C may result in separation of the laminate from the substrate.

Sharp Objects: Never use knives or other sharp objects directly on the decorative surface. Use a chopping block or counter saver to protect the laminates.

Impact: The laminates have excellent impact resistance. However, dropping heavy objects or deliberately hammering directly on the surface may cause chipping or cracking.

CLEANING

- To clean the surface, use a damp cloth or sponge and a mild soap or detergent.
- Stains belonging to Group 2 such as coffee or tea can be removed using a mild household cleaner and a soft bristle brush.
- If a stain persists, apply a paste of baking soda and water and lightly scrub with a soft bristled brush. 10 to 20 should remove most stains. Although baking soda is a low abrasive, excessive scrubbing or applying too much force can damage the decorative surface, especially if it has a gloss finish.
- Stubborn stains belonging to Group 3 & 4 can be cleaned with undiluted household bleach or nail polish remover. Apply the bleach or nail polish on the stain and let it sit for no more than 2 minutes. Rinse thoroughly with warm water and wipe it dry. If the stain appears to go away and the colour of the laminate has not been affected, this step can be repeated.

WARNING

Prolonged exposure of the laminate surface to bleach will cause it to discolour. Acid based cleaners will permanently damage the laminates. Never allow these cleaners, or bottles, rags or other items contaminated with these cleaners, to come in contact with the laminates. Wipe such areas immediately and rinse thoroughly with water.

- Group 1: Acetone, trichloroethane, toothpaste, hand cream, urea, alcoholic beverage, natural fruit, fruit drink, meat, vegetable oil, water, NaCl (solution), mustard, soap solution, paint remover (kerosene), phenol and citric acid.
- Group 2: Coffee, black tea, milk (condensed and evaporated), cola beverages, vinegar, hydrogen peroxide (3% solution), ammonia (10% solution of commercial concentrate), nail polish remover, lipsticks, water colour, laundry marking ink, ball point ink.
- Group 3: Sodium hydroxide (25% solution), hydrogen peroxide (30% solution), concentrated vinegar (30% acetic acid), acid-based metal cleaners, shoe polish, hair coloring, iodine, boric acid, lacquers.
- Group 4: Citric acid (Zero % solution), acetic acid (5% solution).

Merino Laminates believes that excellence and quality comes with a limited lifetime warranty, and thus, we, at Merino, commit to Manufacturer's Lifetime Warranty for its products in various categories, keeping its promise of durability and distinction, across generations.

Our scientific and innovative manufacturing process, imparts our range of laminates with significant durability and resistance to impact. We assure against manufacturing defects and damages, as per ISO 2046 standards, for near a lifetime – the best guarantee on the market.

To avail the warranty, applicable on all the Merino categories, kindly follow the care and maintenance guidelines. For more information, visit www.merinolaminates.com/maintenance-&-fabrication.html.

Terms & Conditions Apply.

For further details visit: www.merinolaminates.com/lifetime-warranty.html or you can also write to us at customercare@merinoindia.com.

Disclaimer : Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches/dealers/factories before quoting. Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply.

High Pressure Laminates are meant for indoor use unless they are of exterior grade that are strictly on indent basis only. Avoid using on areas exposed to direct sunshine or light reflective areas.

Limited Warranty. Merino Industries Ltd. and Merino Panel Products Ltd. warrant that, under normal use and services, the material and workmanship of their products shall confirm to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the products. In the event that a Merino Industries Ltd. or a Merino Panel Products Ltd. product does not perform as warranted, the first purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product, which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by the first consumer purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature, improper fabrication or installation, improper maintenance. No other warranties, expressed or implied, are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use, or inability to use this product, or for any special, indirect, incidental, or consequential damages. No fabricator, installer, dealer, agent or employee of Merino Industries Ltd. and Merino Panel Products Ltd. has the authority to modify the obligation or limitation of this warranty.
